MEWS

# Mews Hospitality Cloud

More than a traditional property management system, Mews is a complete cloud-native hospitality platform that takes your property to the next level.

### Why people choose Mews

#### Simplicity

Our intuitive design makes Mews easy to learn and use – no matter how much or little experience staff members have.

03

#### Flexibility and connectivity

Mews allows you to create the ultimate technology platform to achieve your vision, no matter what size or type of properties you operate.

#### **Guest-centric**

Mews puts the guest at the heart of the system. Our architecture is built around the guest first and inventory second. "The ease of use of Mews really sets it apart. From reservations management to invoicing and across the whole customer journey, everything is logical and simple to use."

Anna Adamczyk, Director of Operations, Tusity
